Commerce · Solution overview

Hadish Market

Hadish Market is Pars Hadish's integrated e-commerce and sales management platform, designed for launching online stores, managing in-person sales, and creating marketplaces with multiple vendors. The system manages products, orders, inventory, payments, and sales processes through a centralized platform.

Conceptual product illustration. No real customer information is shown.

From understanding the problem to product development

Areas covered

- ✓ Online store
- ✓ Marketplace with multiple vendors
- ✓ Product management

How it works

1. Select products and build a cart
2. Pay for the order
3. Process and track delivery

The requirements and delivery scope of each project are defined with the organisation that will use it.

Discuss this solution

If you are building a product or rethinking an operational process, we can discuss the scope and how to approach delivery.
